DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Remove bait stations from container.
 2. For thorough ant control, use all 4 baits at one time. For larger kitchens or HEAVY INFESTATIONS, we recommend using additional bait stations.
 3. Baits work best on horizontal surfaces touching corners and walls. For example, place baits next to the wall along baseboards, in corners, under sinks, in cabinets and near plumbing fixtures. Place bait stations in locations where ants have been seen.
 4. Ants will begin eating the bait immediately. You will see fewer ants within days. Once the ants begin eating the bait, do not disturb the immediate area. Ants lay down a "scent trail" for other ants to follow. Disrupting this trail with cleaners or insecticides will eliminate the scent trail for the ants to follow.
 5. Replace ALL baits every three months or until the ant population is completely eliminated.
- For maximum effectiveness, replace baits before they are completely consumed.

NOTE: DO NOT apply aerosol insect sprays or pump sprays onto the surface areas to be treated with ant bait stations. Insecticide sprays will repel ants from feeding at bait station locations.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling.

FIRST AID

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-877-541-2016 for emergency medical treatment information.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry location inaccessible to children and pets.

DISPOSAL: Non-refillable container. Do not reuse or refill this container. Offer for recycling if available. Never place unused product down any indoor or outdoor drain.
