For complete DIRECTIONS FOR USE see statements on outside carton.

Enforcer Flea Fogger contains a combination of ingredients that kills both adult and hatching fleas. NYLAR® the insect growth regulator in this fogger, continues to kill hatching fleas and eggs for 7 months by preventing their development into adults. The fogger reaches fleas and other listed insects hidden in carpets, rugs, drapes, upholstery, pet bedding, floor cracks and open cabinets. Occasionally adult fleas may be present in treated areas when reintroduced from infested animals.

To protect your pet against and to minimize reintroduction of adult fleas from outdoors, use EPA registered flea and tick products, Enforcer® Flea and Tick Shampoo and Spray, in conjunction with this application and prior to re-entry. As part of a complete flea control program use EPA registered Enforcer® Flea Spray for Homes, Enforcer® Flea Spray for Carpets and Furniture and Enforcer® Flea Spray for Yards Concentrate.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal. **Pesticide Storage:** Store this product in a cool, dry (preferably locked) place away from heat or open flame, and in an area that is inaccessible to children and animals.

Container Disposal: Do Not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.
