Enforcer® Flying Insect Killer III

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
DO NOT USE IN OR AROUND ELECTRICAL EQUIPMENT DUE TO THE POSSIBILITY OF SHOCK HAZARD.

USE RESTRICTIONS

· Do not enter or allow others to enter treated areas until sprays have dried. · Do not allow people or pets to enter treated areas until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated. · Remove pets, birds, and cover fish aquariums and ornamental fish ponds before spraying, and turn aquarium systems off. · Do not apply this product in a way that will contact adults, children or pets, either directly or through drift.

INDOORS

SHAKE TWICE ONLY BEFORE USE. HOLD CAN UPRIGHT. APPLY IN SHORT BURSTS.

To Kill Flies, Mosquitoes, Small Flying Moths and Gnats: Before spraying cover exposed food and utensils. Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Keep room dosed for 15 minutes after spraying. Thoroughly ventilate room before re-entry. Keep pets out of room until product has dried. Sweep up and throw away fallen insects.

OUTDOORS

Shake twice only before using. Hold can upright. Apply in short bursts. Do not use on plastic, foam, asphalt roofing shingles, vinyl siding or auto paint. Damage may occur.
Vinyl siding-Please Read Carefully: This product is a water based product. During spray application to nest, if inadvertent contact to vinyl siding occurs, rinse immediately with water.

STORAGE & DISPOSAL

STORAGE: Store in a cool, dry place (preferably locked) storage area inaccessible to children and pets and away from heat, open flame, and other sources of ignition. Do not incinerate or puncture! **DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed, inhaled or absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Avoid breathing vapors or mists. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

FIRST AID

If Swallowed: Immediately call a poison control center or doctor for treatment advice. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give any liquid to person. Do not give anything by mouth to an unconscious person. **If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. **If on Skin or Clothing:** Take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Incineration of container may cause explosion. Do not apply this product around electrical equipment due to the possibility of shock hazard.

ENVIRONMENTAL HAZARDS

This product is highly toxic fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm rains, drainage ditches, gutters or surface water. Applying this product in calm weather when rain is not predicted for the next 24 hours will help ensure that wind or rain does not blow or wash pesticide off the treated areas.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.
