**KEEP OUT OF REACH OF
CHILDREN & PETS**

Enforcer.

RATMAX[®] GLUE TRAPS

- Disposable; just throw everything away
- Your hands never touch the pest or glue
- Non-mechanical, always set

DIRECTIONS:
ENFORCER[®] RatMax[®] Glue Traps are ready to use. Place glue side up in areas where rodents or insects are seen or suspected.

Place glue traps lengthwise on floor against baseboards, walls, closets, etc.

For best results, use more than one glue trap at a time.

In case of accidental contact with adhesive, simply clean with vegetable oil, followed by mild detergent and water.

Do not place traps where birds or non-target animals will come in contact with glue. Not recommended for outdoor use or wet areas. Not effective when frozen.

STORAGE & DISPOSAL:
Store in a cool dry area. Do not freeze. Dispose in trash.
